Indicators

X Strategies Miami County FCFC will be utilizing a new Triple P Parenting Program to offer parenting guidance and support to all families in Miami County by incorporating numerous agencies around the county.

1. Identify any barriers in implementing the plan (i.e. data collection, data tracking, funding, infrastructure, etc.)

No barriers identified at this time.

2. Identify any successes/how implementing this plan has worked to strengthen the council and county collaboration.

Miami County continues to utilize a Service Coordination Liaison team approach. We have collaborated well with several cases and getting the families the support and resources that they need to succeed. Many families have stated that they are thankful for the Service Coordination program as they feel that they are not alone in getting help.

3. List the data source(s) for the indicator(s):

Miami County Children's Services and Juvenile Court provide monthly placement statistics to the Council. Service Coordination data is provided on a monthly basis to the Council as well as

to the FCFC Coordinator at the time that a Service Coordination family terminates from the program.

4. Identify any key findings (explanation of data findings; FCFC actions taken in response to key findings, etc.):

Miami County continues to remain active in researching alternative programming and support for families to reduce the risk of out of home placements. All agencies involved share the ultimate goal of preserving the family unit to add stability to our families that we serve. The Service Coordination Liaison team was able to provide a great foundation of resources to utilize to help families become successful.
