

# Morrow County Family and Children First Council Shared Plan for SFYs 12-16

## Shared Plan Update for SFY 16

**Current FCFC Initiatives:**

**Were there any modifications from last year's plan? Yes X No**

**If yes, please identify the types of changes made by checking the appropriate boxes below:**

Priorities-Our priorities are now Service Coordination, Communication, and Collaboration

Outcomes-Please see attached Plan as all of the outcomes have changed.

Indicators-All indicators have changed as well

Strategies-Strategies are newly listed

**1. Identify any barriers in implementing the plan (i.e. data collection, data tracking, funding, infrastructure, etc.)**

There possibly could be barriers in data collection as we do not have a system in place to help with this and it would all be subject to human error. Morrow County infrastructure is going through some changes and we can adjust accordingly if needs.

**2. Identify any successes/how implementing this plan has worked to strengthen the council and county collaboration.**

Over the last year our council has really grown in the amount of families we have assisted, more people serve on our council and our priorities have changed to better serve where our council is headed. We are very proud to have these new priorities and look forward to the many successes like community involvement, better parent education, collaboration between agencies both new ones and old, and better communication with community, agencies, parents, children and families.
