Indicators

Strategies

**1. Identify any barriers in implementing the plan (i.e. data collection, data tracking, funding, infrastructure, etc.)**

Data tracking is challenging with the intended population.

**2. Identify any successes/how implementing this plan has worked to strengthen the council and county collaboration.**

County Early Intervention system has been able to follow families to determine needs. If EI services are not needed than some families are able to have a home visitor. EI services can be added later if needs arise.

**Report on Indicator Data** (Provide data for each outcome indicator listed on the Shared Plan. List only ONE outcome per page. This page can be duplicated as needed).

Shared Outcome: Increasing community supports for babies that have been exposed to drugs.

Shared Measurement Indicator(s):	Baseline Data	Current Year Data	Direction of Change (+, -, NC)
